

FORWARD

FAITH

1990

The production of **FORWARD 1990** was an unforgettable experience for the staff. It was a challenge and an experiment in many ways.

- our first attempt at 32 pages of color dedicated to the graduating class and to the St. Joseph International Festival
- artwork spread out throughout the publication
- a generously increased number of snapshots
- all put together by a talented staff of 19 plus 1, double the number of previous years

Please enjoy leafing through the pages, reminiscing about the 1989-90 school year.

FORWARD 1990

Presents
with

CONFIDENCE

125 YEARS

A CENTURY SERVING MARY

St. Joseph was founded 89 years ago by French and American Marianist Religious. In 1988 for the centennial of the Marianist in Japan we were honored by the visit of the Superior General José Maria Salaverri in March. Last year there was a more private celebration of **one hundred years of service to the Blessed Mother**: that is, the Golden Jubilee for Brothers John Blank and Daniel Calvo.

To name all the Brothers and Fathers who have celebrated their Golden Jubilee at St. Joseph would be just a list. However, we should mention Brother Leo, Brother Wasy, and Father Gerber who are (or were until recently) at SJIS.

Many students and teachers have commented on the warm and caring attitude found at this school. We feel that the main reason for such an atmosphere is the Marianist core of individuals who, everyday, live Father Chaminade's ideas and actively believe in helping others.

The following are highlights of an interview with one of the Golden Jubilarians; Brother John Blank.

Why did you decide to become a Religious?

The Biblical phrase: "What does it profit a man if he gains the whole world and suffers the loss of his soul?" began to haunt me. I thought seriously about how horrible it would be if I didn't make it to heaven. God, in His wondrous ways, writes straight with crooked lines.

I went to Purcell High School where my homeroom and Latin teacher was Bro. Stephen Karpi. He was a young priest. We adolescent "know-it-alls" took advantage of this man's lack of experience. Just before Christmas vacation, he suffered a nervous break-down and was hospitalized. In the latter part of January, we received the sad news that Bro. Stephen had died.

The Principal had a small four-sided pamphlet printed about Bro. Stephen sketching his short life and mentioning what this young man's real goal as a religious was - to become a priest - and since the Good Lord called him to Himself so early - Father requested, "Would some bold Cavalier (like a Sodalist at SJIS) take his place?" All 800- plus students got a copy.

During my short stay at Purcell, I learned that the Marianists lived a community life, were consecrated to do Mary's work ("Do whatever She tells you"), had regular daily prayers, and worked with young people as a life-time ministry (and I love young people). So, I decided to take his place. It was as simple as that. "I owed him one."

Reflecting on your last half century, how do you feel that Father Chaminade's messages are so valid today as they were 200 years ago.

Fr. Chaminade's idea, after the 1789 French Revolution, of saving the Faith in France and spreading God's message, was working with young people in the field of education. As I look back, I am convinced that education is the key word in the formation of young peoples' lives. Students may not realize this until years later. To this day, I am still getting letters from kids whom I have had in class and who have made something of themselves and may say "remember when you told us..." (Sometimes, I can't put a face on the writer.) I do feel that Fr. Chaminade's strategy of training the young in schools is as valid today as it was 200 years ago.

What, in your opinion, have been examples that you have seen of "the hand of God" at St. Joseph?

The Good Lord works in various ways. Being new at SJIS, I have been informed that a number of our students and one of the faculty have received Baptism and Confirmation while attending school; and some, even after graduation. A number of grads have asked to have their marriages performed in the school's chapel; three of our "Old boys" (Frs. DaSilva, Tsuda, and Bro. Maruyama) have become Brothers and Priests and are now teaching in the U.S. and in Japan. Some others have joined different Christian and Buddhist religious orders. God's hand is still very active at SJIS.

MRS. MORI IS HONORED BY KANAGAWA PREFECTURE AFTER SERVING SJIS FOR A QUARTER OF A CENTURY

On Wednesday, November 15th, Mrs. Sachiko Mori and several hundred other school affiliated individuals were honored by the Kanagawa Prefectural Ministry of Education. Because of the large number of award recipients, representatives from each of the four groups were selected to receive the awards. Mrs. Mori was one of the representatives chosen.

Mrs. Mori has been our school accountant for 25 years and she has seen many changes among which are: the teaching staff switching over from almost exclusively Marianist to predominantly lay; many different Principals; the admission of girl students (now at 39%); George Okuhara, John Mikami, Philippe Eymard, and Jeff Miller graduating, going off to college, and returning to teach at St. Joseph.

The following comments will give more of an idea about the remarkable woman behind the award. She has seen so many SJIS students over the 25 years she has been here.

How long have you been at SJIS?

I have been here for 25 years.

What was your chief reason for working here?

I was told that I could work at St. Joseph even if I couldn't speak English and I have been trained as an accountant.

Can you speak a little English?

Yes. I can speak a little but not very much. However, Bro. Kelly and I communicate quite well.

Where did you learn your English?

I learned it when I was in high school, a long time ago (before any of these students were born).

Who are the most memorable Principals you have worked under?

Bro. Perko, Fr. Gerber (of course), Fr. Nakagawa (who could read Japanese), Bro. McKee, and Fr. Mueller.

What has helped you to continue working for such a long time?

Everyone was so nice even though I couldn't speak English.

What do you think about the former students who became teachers here?

They are now very much matured and they have all become gentlemen.

FIRST DAY OF SCHOOL

Many students came eager to start the new school year but others were sad because summer vacation had ended.

CROSS COUNTRY SEASON

The cross country season started with tough practices almost everyday after school. Dirk Gunnemann set a new record this year. Congratulations Dirk!

FIELD DAY

Although it rained in the morning and the field was all muddy, this did not discourage the students from trying their best.

COLLEGE DAY

The seniors visited St. Mary's to talk to the admission officers of various universities.

DANCES

The dances turned out to be successes as usual, even though there was a time we had to wear slippers because the gym had a new floor.

SOCCER SEASON

This year, like previous years, the SJIS Varsity team played to the best of their ability. They came in 2nd in the League as well as in the tournament at Yokota.

BRAIN BOWL

This year Farrukh Sair finished second in the Brainbowl Tournament out of all the Kanto Plain students. Farrukh is only a sophomore and participated against many juniors and seniors. Way to go!

BONFIRE and SCHOOL SPEECH CONTEST

The School Speech Contest and the Bonfire were held on the same day. Like every year, Y.I.S and St. Maur joined us in the bonfire. Different kinds of booths and bands entertained us with the bonfire as the main attraction.

CHRISTMAS ASSEMBLY

The end of the first semester was marked by a play presented by Mr. Stavrinaky and his drama club members. At the end of the play a couple of X'mas songs were sung. The Grade School had an assembly of their own in which the classes performed skits and poetry.

WASC

The WASC (Western Association of Schools and Colleges) visited the school for four days looking around classes and talking to students. On the last day of their visit, they made a report commending the school on its religious and relaxed atmosphere.

ST. JOSEPH INTERNATIONAL FOOD FESTIVAL

In spite of the bad weather on Saturday, St. Joe's Int'l Food Festival was a great overall success.

KANTO PLAIN SPEECH CONTEST

This year SJIS hosted the Kanto Plain Speech Contest. Eight international schools participated; St. Mary's took 1st place while Y.I.S. came in second.

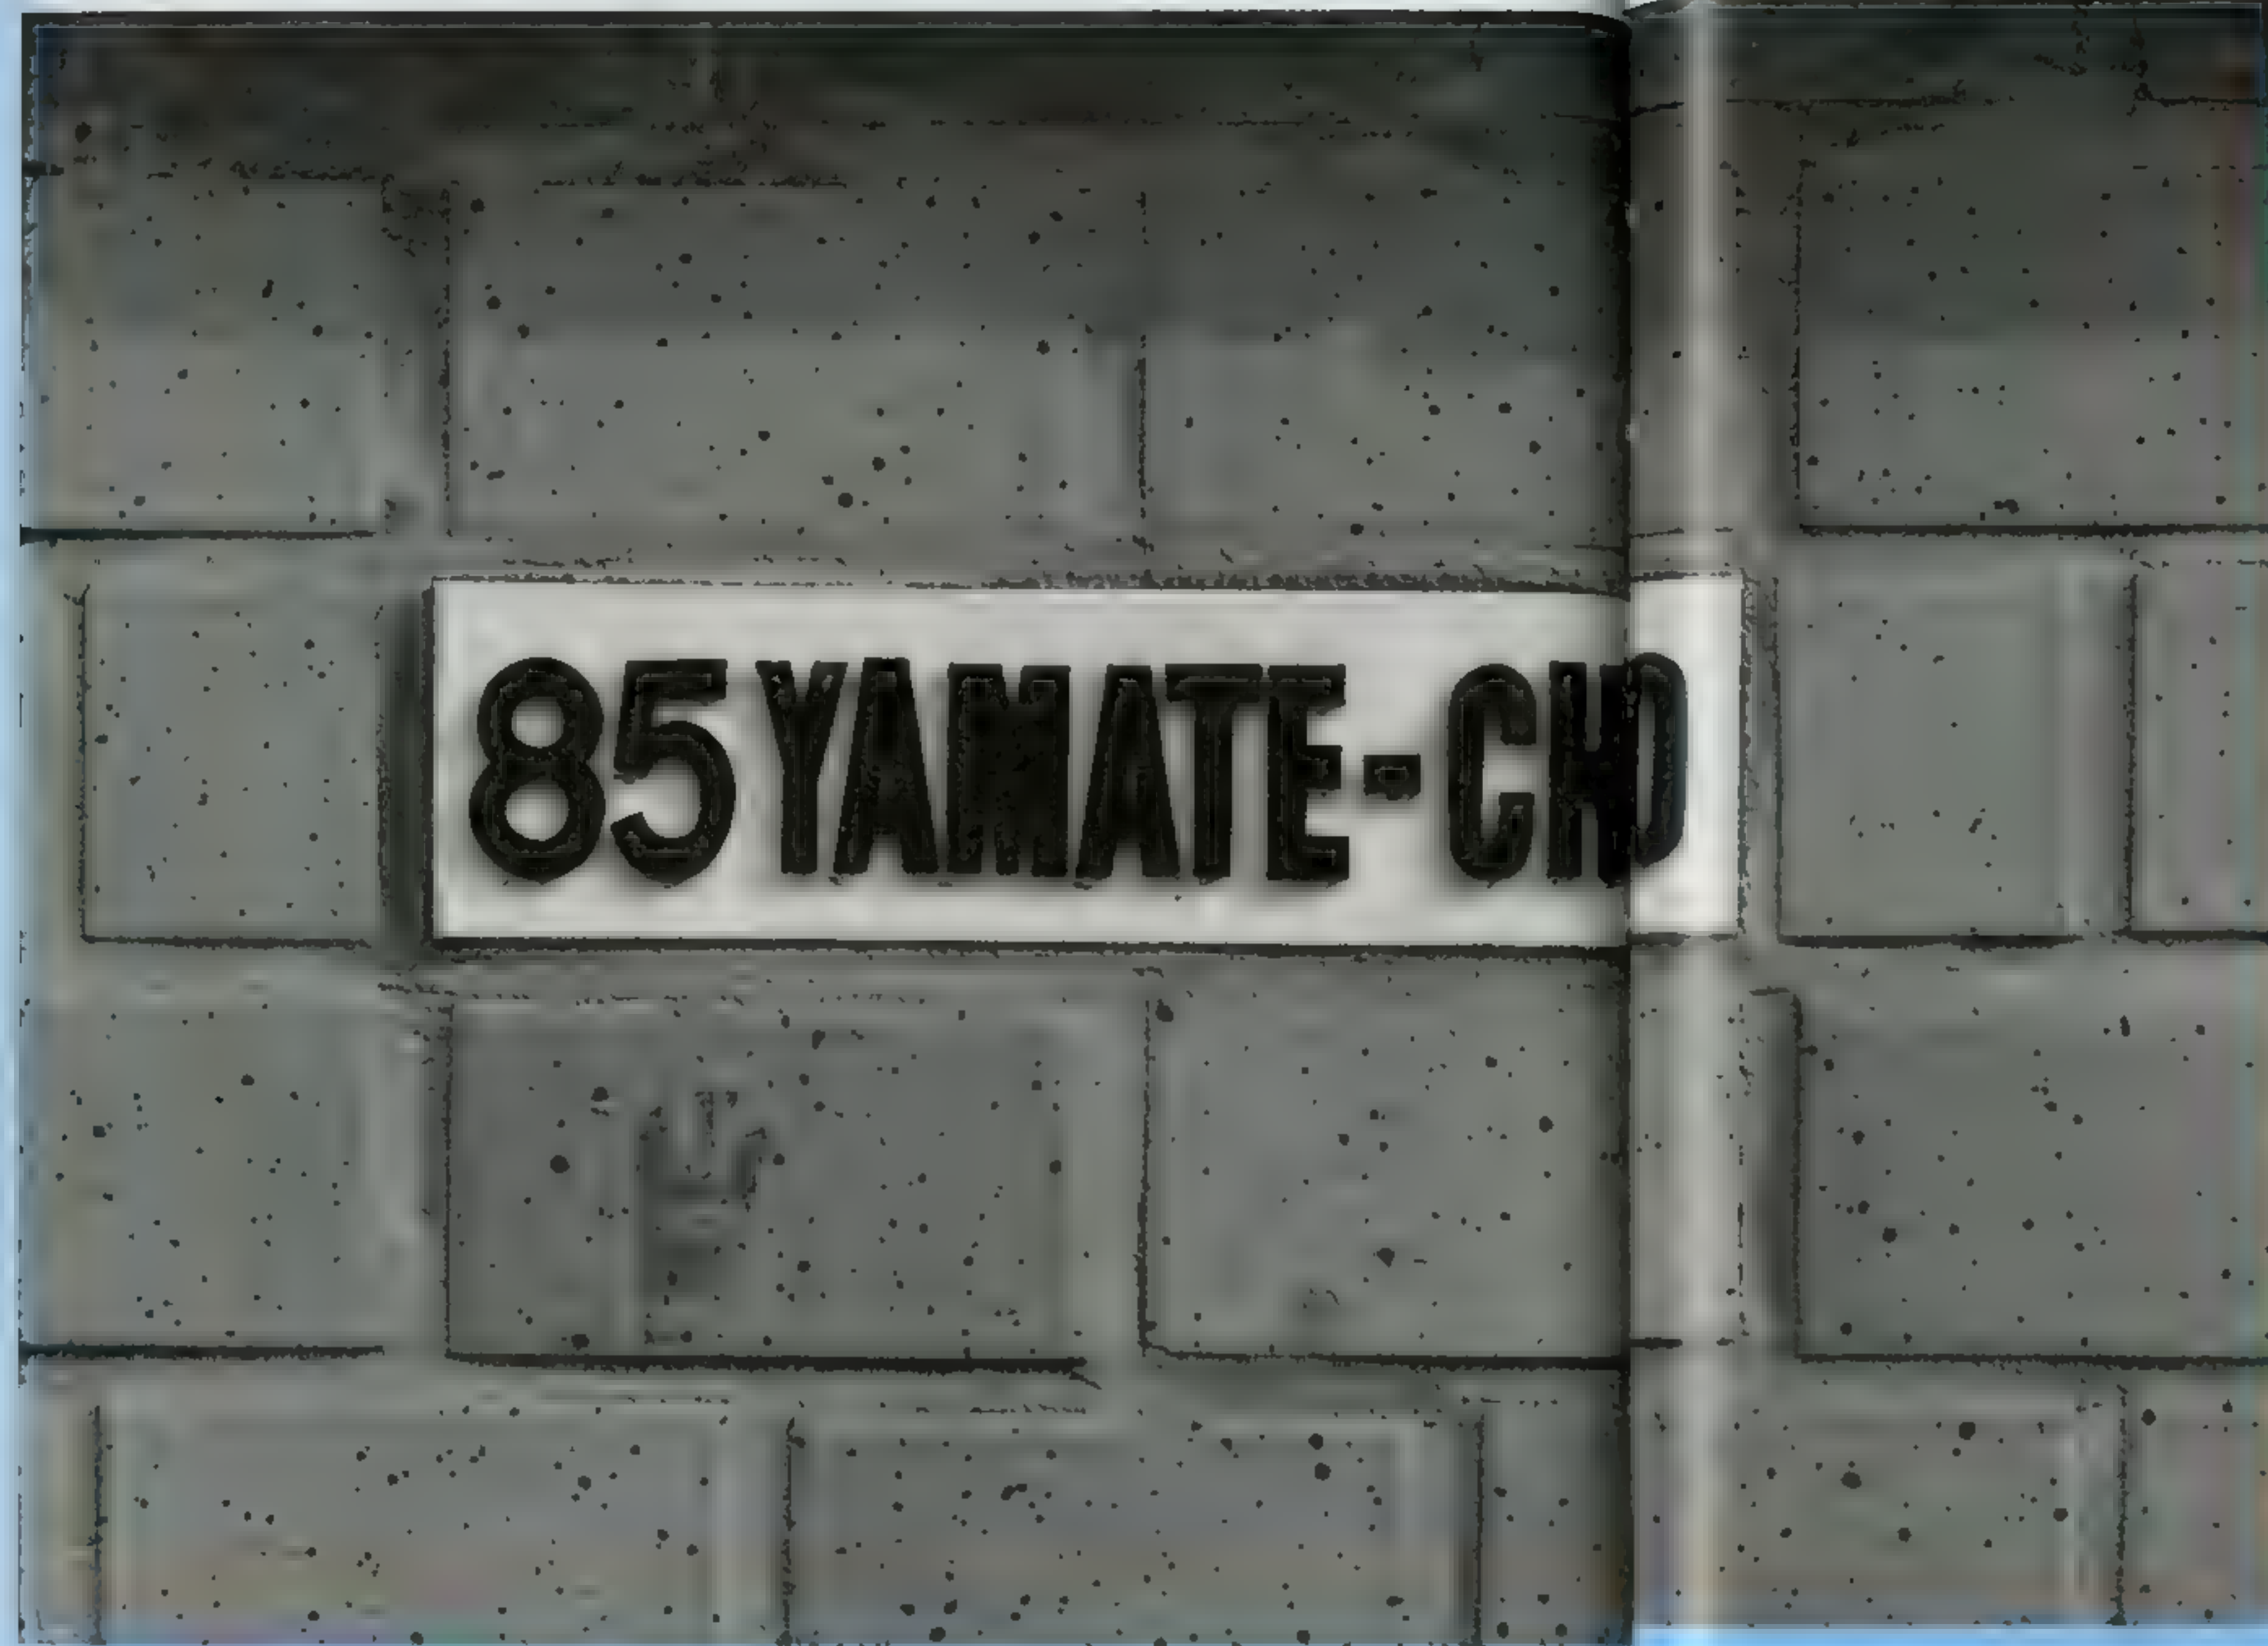

3-ACT PLAY

Mr. Stavrinaky and the drama club members staged "The Importance of Being Earnest". Everyone performed well and the audience enjoyed the play.

ROCK SHOW

The Rock Show was the last event of the school year. It was fun and everybody showed their talents well.

We, the class of 1990, have finally graduated! The years at Saint Joseph had been memorable ones for us. Undoubtedly, our class was one which showed the most improvement over the years. Most of us will be going to universities in different parts of the world - the U.S.A., Canada, Korea, England, Japan, and so forth. We will never forget the times we worked hard together, and most of all, the crucial and ecstatic moments we spent together. We are very grateful to Saint Joseph which gave us vast opportunities to learn. Finally, we would like to thank our principal, Fr. Mueller, all of the faculty members, the staff, and our parents. THANK YOU all and farewell!

IFACULTY

June 10, 1990

Dear Graduates of 1990:

Congratulations! You have been a class which I have watched mature over the years. Your class has been very successful in obtaining acceptances to colleges of your choice. You have a right to be proud.

Each year I invite the graduating seniors to return to the school as frequently as possible. Some join the alumni association; others come to play soccer and other games on our field; others come to be married in our chapel. I hope that you will come back to your alma mater frequently. It's always a joy to see you.

Your parents have helped the school very much in providing funds to refurbish our auditorium for your graduation. They care very deeply for you. My hope is that you respond to their love by always being a credit to them. May God bless you and them always.

Sincerely yours,

James J. Mueller

The Japan Times

Bluff students call for safe driving

I think speeding vehicles on the narrow street on Yamate Bluff should be prohibited. Not long ago I witnessed a traffic accident in which a taxi on the bluff hit a boy riding on a bicycle. Another accident took place right in front of my school, St. Joseph's, that same day. In the second accident a car rammed the rear fender of a cab, resulting in whiplash for the taxi driver. Since many students attend both international and Japanese schools on the bluff, the speed limit here should be strictly enforced to prevent future accidents.

The Japan Times

Bluff students call for safe driving

Screech!! I often hear this in front of our school, St. Joseph International, at Yamate Bluff. This place is a tourist attraction and lots of people come by car. Students use taxis and bicycles. There are lots of curves and people just ZOOM!

One day, I almost got hit by a car. The car was moving very, very fast and the driver could not stop immediately since it feels good going up and down and around the hill. For example, just the other day a taxi and a car had an accident. The girl sitting in back of the taxi felt dizzy and had to be taken to the doctor. We students are tired of this "screeching" and "bumping."

Please help us students before someone on Yamate Bluff dies.

HIGH SCHOOL ATHLETICS

THE MEN BEHIND

MR. MORGAN

Mr. Morgan, the SJIS's Varsity and Junior Varsity soccer coach, has been very proud of the team's success in the last few years.

The Varsity soccer team stated climbing up the ladder of success in 1981, when they won the Soccer League. Four years later their big dream came true when they won the tournament at the Universiade Stadium in Kobe leaving Canadian Academy in second place.

When Mr. Morgan was asked whether there were any secrets in his training, he replied that their training was very basic. They have constant drills with the ball and he usually tells the members to join the Cross-Country team to build up

stamina since soccer requires a lot of running.

Mr. Morgan says that his secret to success is mostly finding out each player's strengths and weaknesses and trying to get the best out of a person. He says that it really doesn't matter if they lose but the most important thing is to feel proud and satisfied.

Another reason for their success, says Mr. Morgan, is that the soccer members are fully dedicated and have made commitments to the team. He says that the time that the members have spent in soccer will be a life-learning experience that they will never forget.

MR. MIKAMI

The Little and Mini Saints, which has been in Saint Joseph for twenty-one years, has been under the moderatorship of Mr. John Mikami for the past twelve years. His career as a soccer coach started when the Class of '85 came to him and asked him to coach.

To be in his team and to play in official games, proper attendance, as a part of discipline, is required. He teaches his students teamwork and by having the same coach for seven years, the students learn consistency of method and go through enough experience to know each other's movements. There are several girls in the team who are eligible to play in the games, but unfortunately the Chibikko Soccer Association prohibits the enrollment of girls in official games.

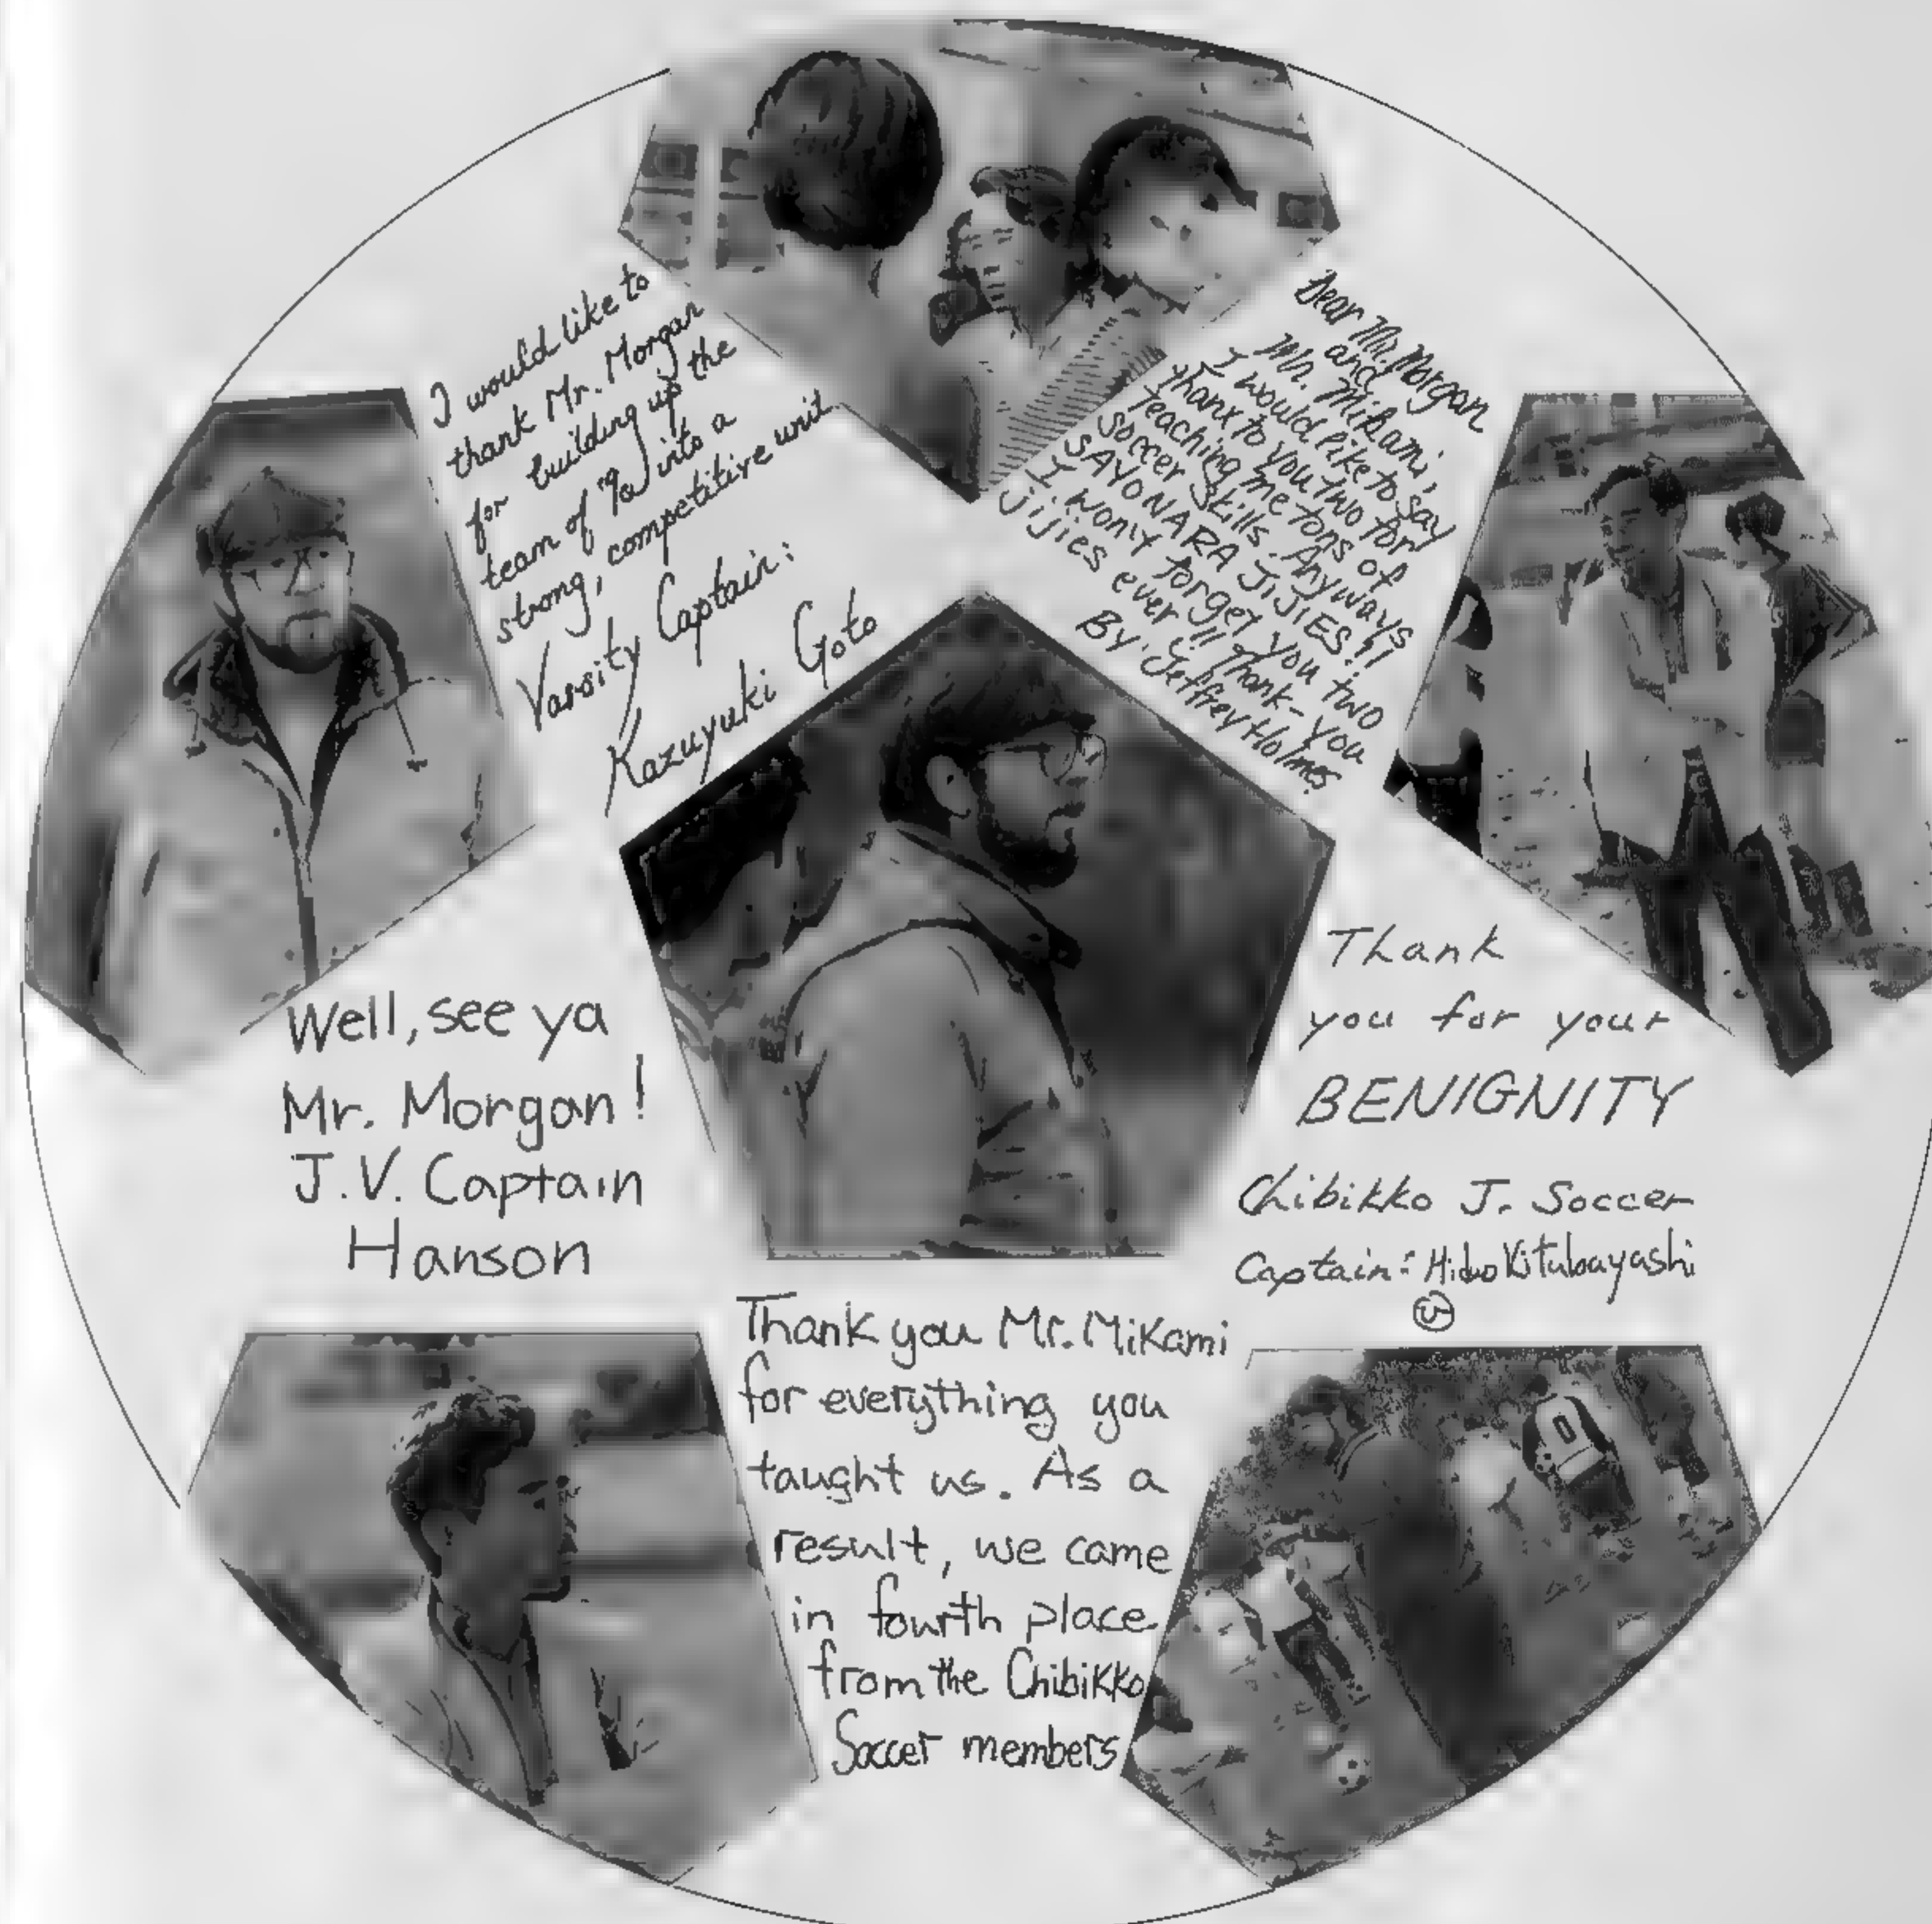

His best year as the coach was his first year because everything was new and he travelled all around Yokohama with his team to play at different schools. Though the first game in the Chibikko Tournament ended with a drastic loss of zero to fifteen, it was a great experience for him and the team.

Apart from the Chibikko Tournament, the team used to play a lot of friendly matches with other International schools. Mr. Mikami and the coach from St. Mary's started the Junior High International School Tournament, and we were the champions in 1984 and 1985 under captains Kazuyuki Goto and Jun Karino. In 1986, we were second under captain Mitsuaki Katsumata. Last year, the J level team, for the first time, came in third place in the Chibikko Tournament. Presently, there are not enough Junior High members to have the team participate in the Tournament.

Mr. Mikami's team's actual first friendly game was against ASIJ, two months after the team was organized in 1977. It was an unexpected 3-2 victory, with three fullbacks, three midfielders, and four forwards.

When asked what Chibikko means to him, Mr. Mikami said, "Chibikko is a lot of work for managers and me, good games for the players, and usually good lessons for the players and myself after one season."

OUR SUCCESS

SOCCER

Coach: Mr. Morgan

Once again we fielded our usual two teams.
There was a large number of new members this year.

The J.V. team took time to sort out but eventually turned into quite a useful little side. Well done to captain Danny Hanson and the team members. This may be the first season ever at S.J.I.S. when three brothers (the Hirakawa's) all played for the same team.

The Varsity team lost only once, but a number of tied games relegated them to runners - up in the Kanto Plains League, still on excellent record. The Tournament unfortunately was rained out, our 2-wins 1-loss record meant '2nd place' again. My congratulations to captain Kazuyuki Goto and my best wishes to him and the other seniors, Danny, Jeffrey, Noriyuki, Shintaro, Simon, Hirofumi, and Joji.

Thanks for all the goals Kazu, Jeffrey, Nori (and Shintaro).

Coaches: Mrs. Ward
Mr. Morgan

With the gratefully accepted help of some soccer players and others (Ken), we were able to enter two teams in the Kanto Plains C.C. League. My congratulations to all the runners who trained hard in all weathers and doggedly stuck to the task of improving their personal performances so that our teams would do better. The Varsity team recorded S.J.I.S.'s first ever cross country team victories, in the League with, in fact three wins. We ended up in fifth place at the end of the season.

My congratulations to the captain Jeffrey Holmes and all the team members, I was proud to have been your coach this year.

It was a good year, one to improve on in the 1990-91 season. See you on NAKAMURA-BASHI!!

T. Furuya

Treasurer:
T. Nakatani

Moderator: Mr. Allen

The 1989-'90 Student Council was one of the best in St. Joseph's history. Under the leadership of Shigeki Endo, and with the help of the class representatives, we accomplished much and provided activities which were successful and educational.

I am proud to have been their moderator

Committee Chairmen: K. Goto, S. Fujiki, Y. Kim, M. Okazaki

SOCIAL COMMITTEE

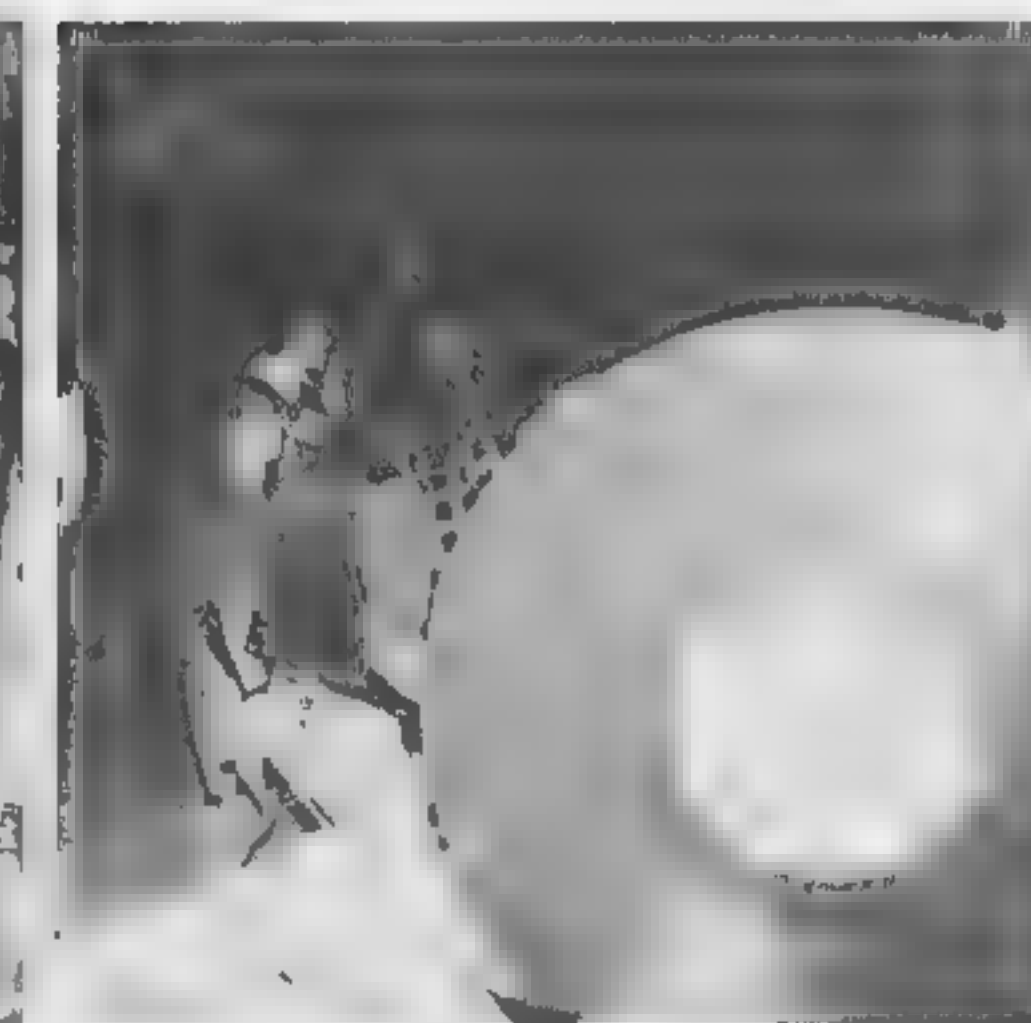

*Chairman:
Shintaro
Fujiki*

I was very lucky to have such co-operative members like Roberson, Simon, Kim, and many others who supported me in the making of the wonderful dance parties.

Because of the problem concerning the gymnasium floor, I am very sad that the traditional "with shoes" dance parties became "no shoes" dances. But I will be looking forward for the successful dances in the future.

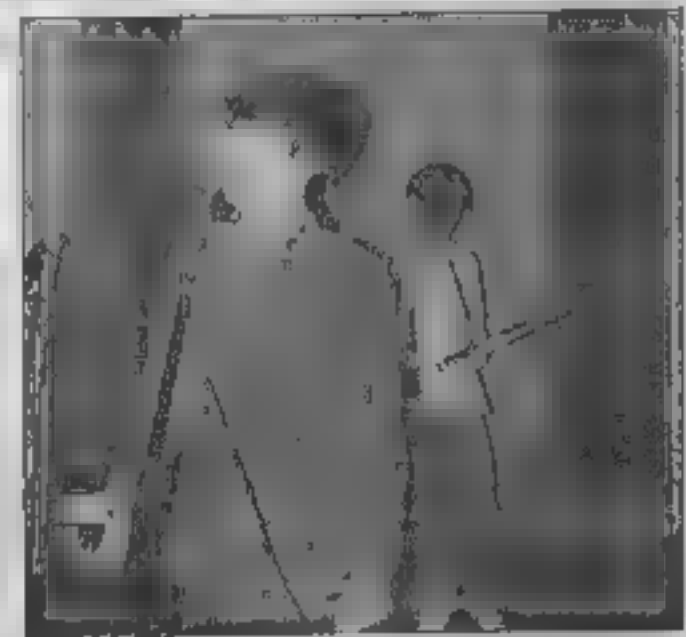

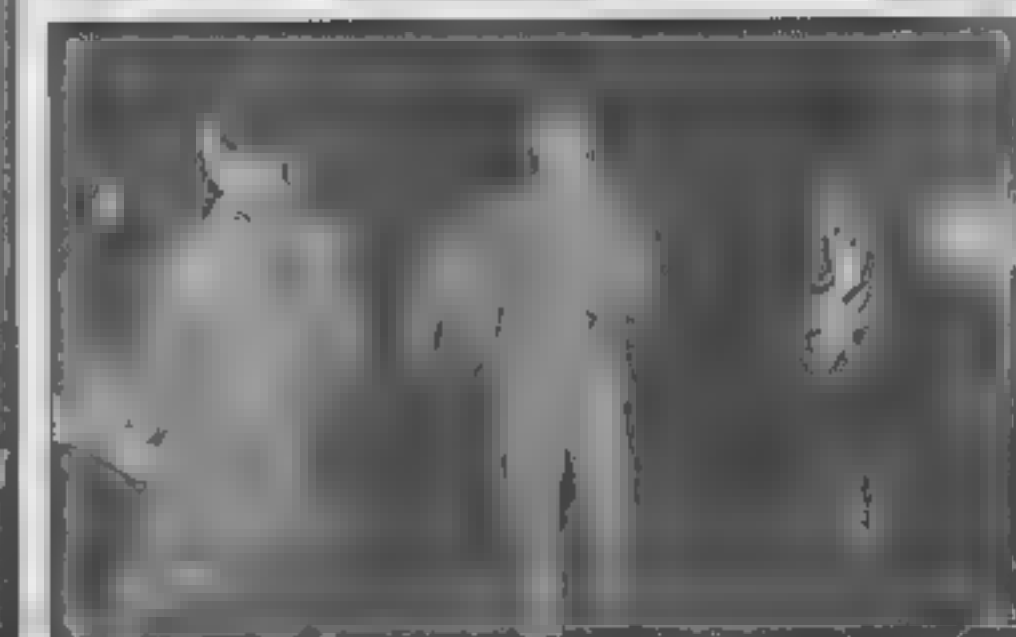

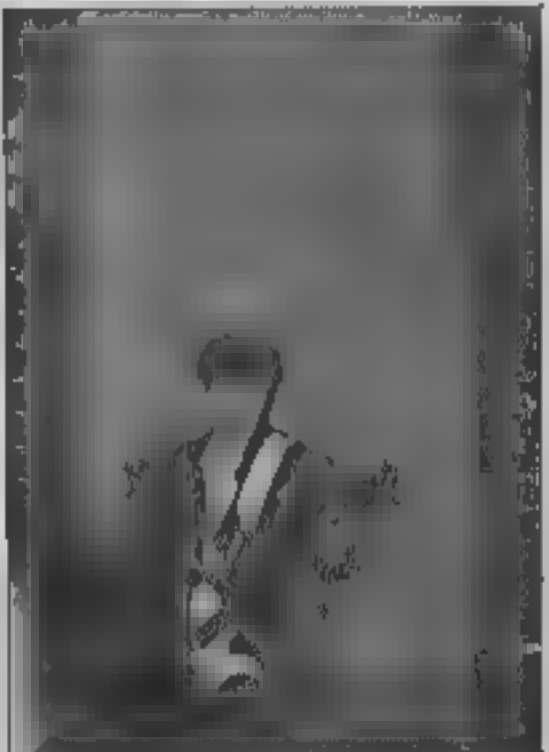

WELFARE COMMITTEE

*Chairman:
Masahiko
Okazaki*

Although I had no idea about what to do for this committee, the members and Shigeki, the president of the Student Council, helped me out. The result was the successful "Bonfire" and "Rock-Show"

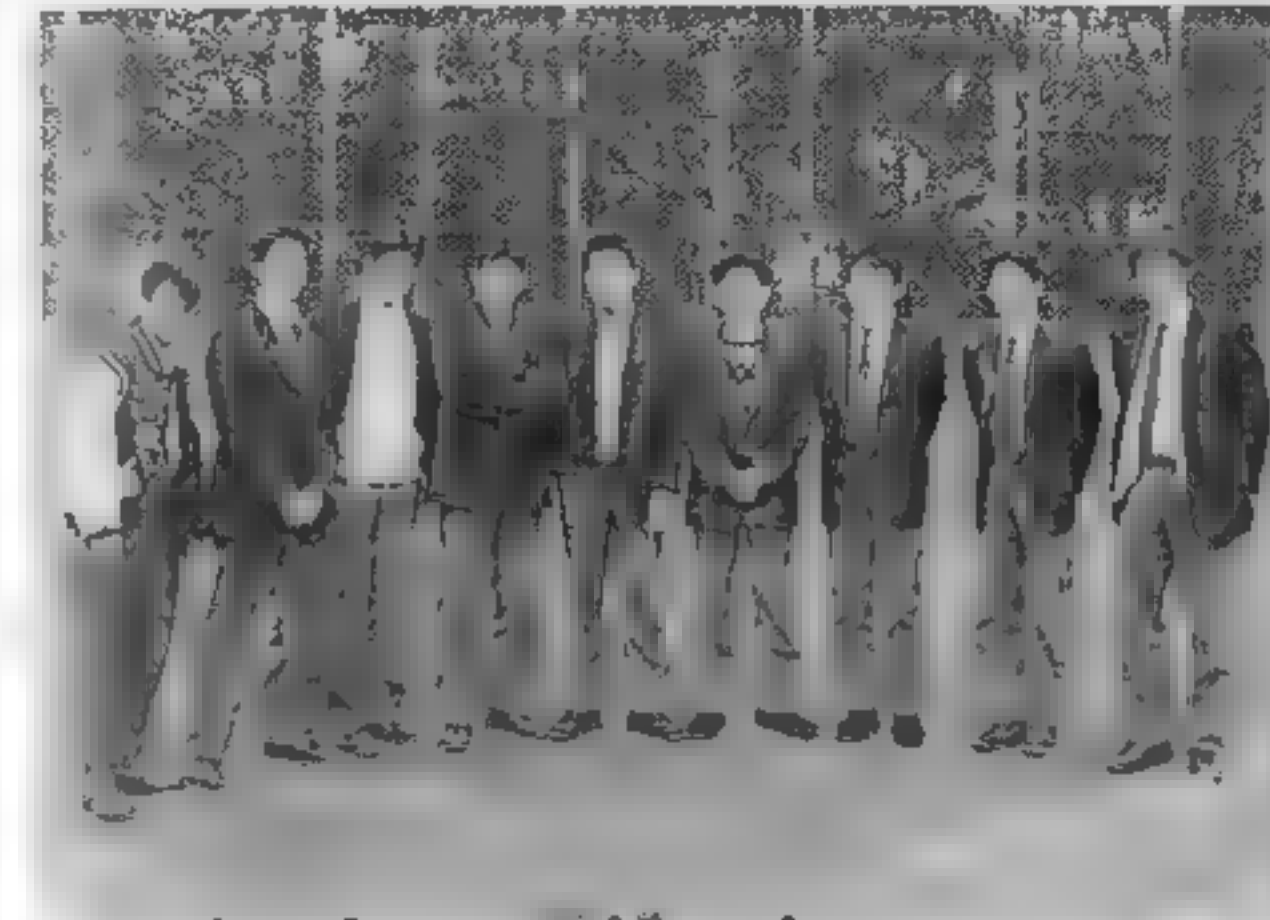

SPORTS COMMITTEE

*Chairman:
Kazuyuki
Goto*

I am very satisfied with what the committee had done this year. The Intramural games were successfully organized, and there was a softball game against Y.I.S which promoted better interschool relationship. I would like to thank Mr. Morgan, Mr. Eymard, and Mrs. Ward for helping us.

PUBLICITY COMMITTEE

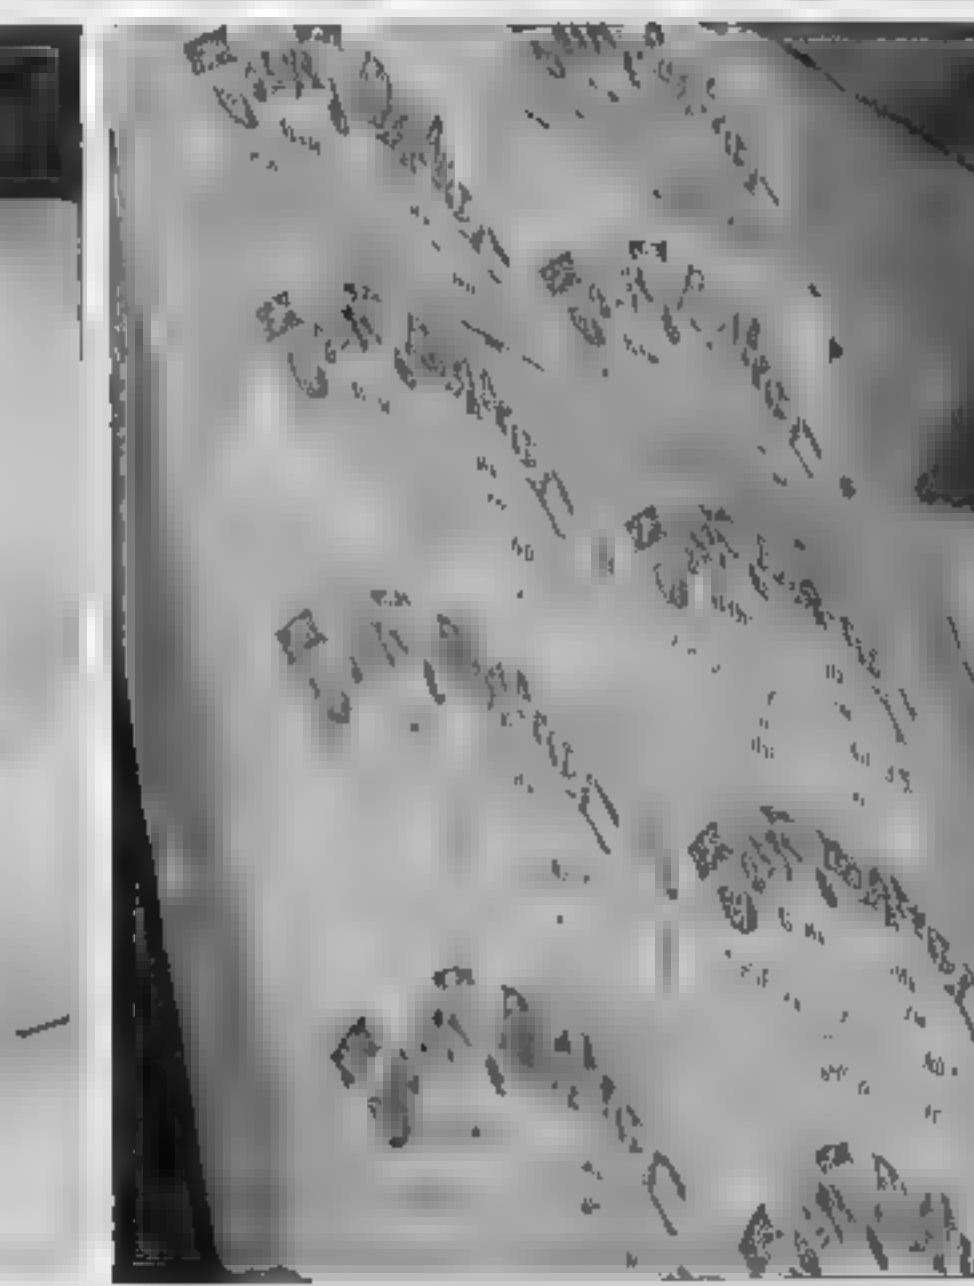

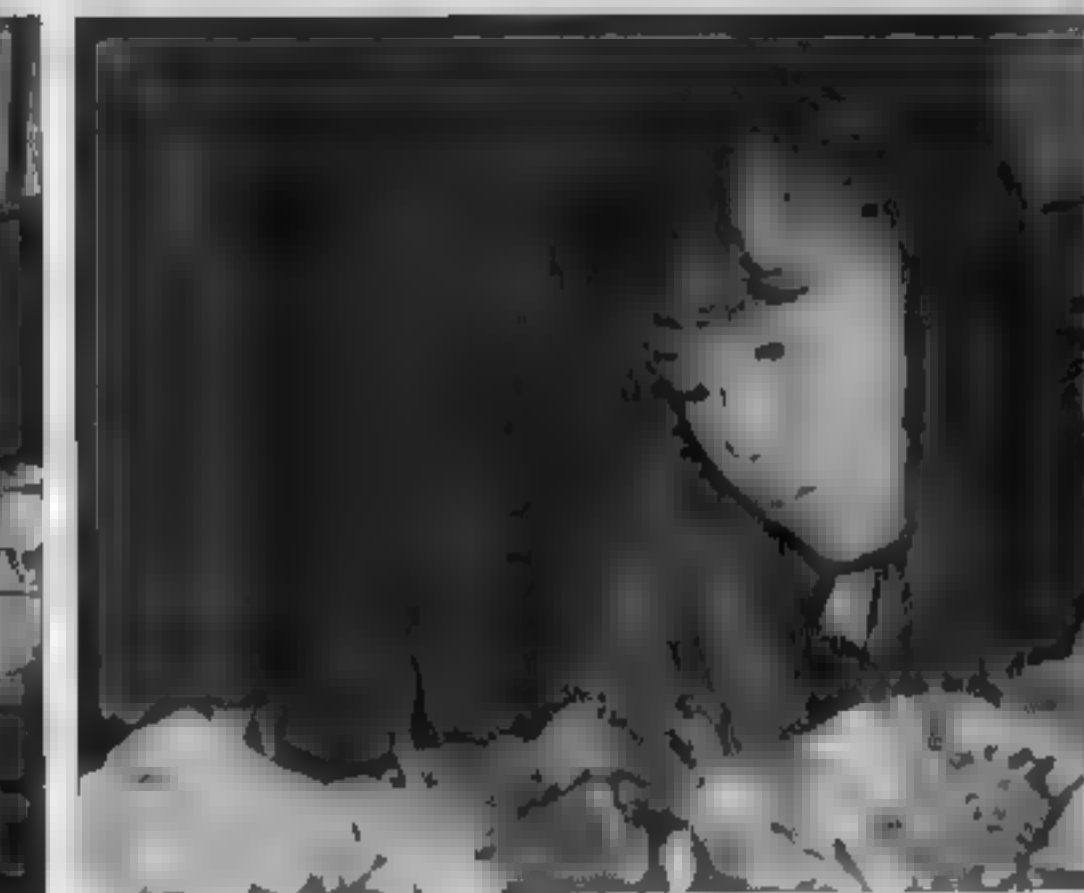

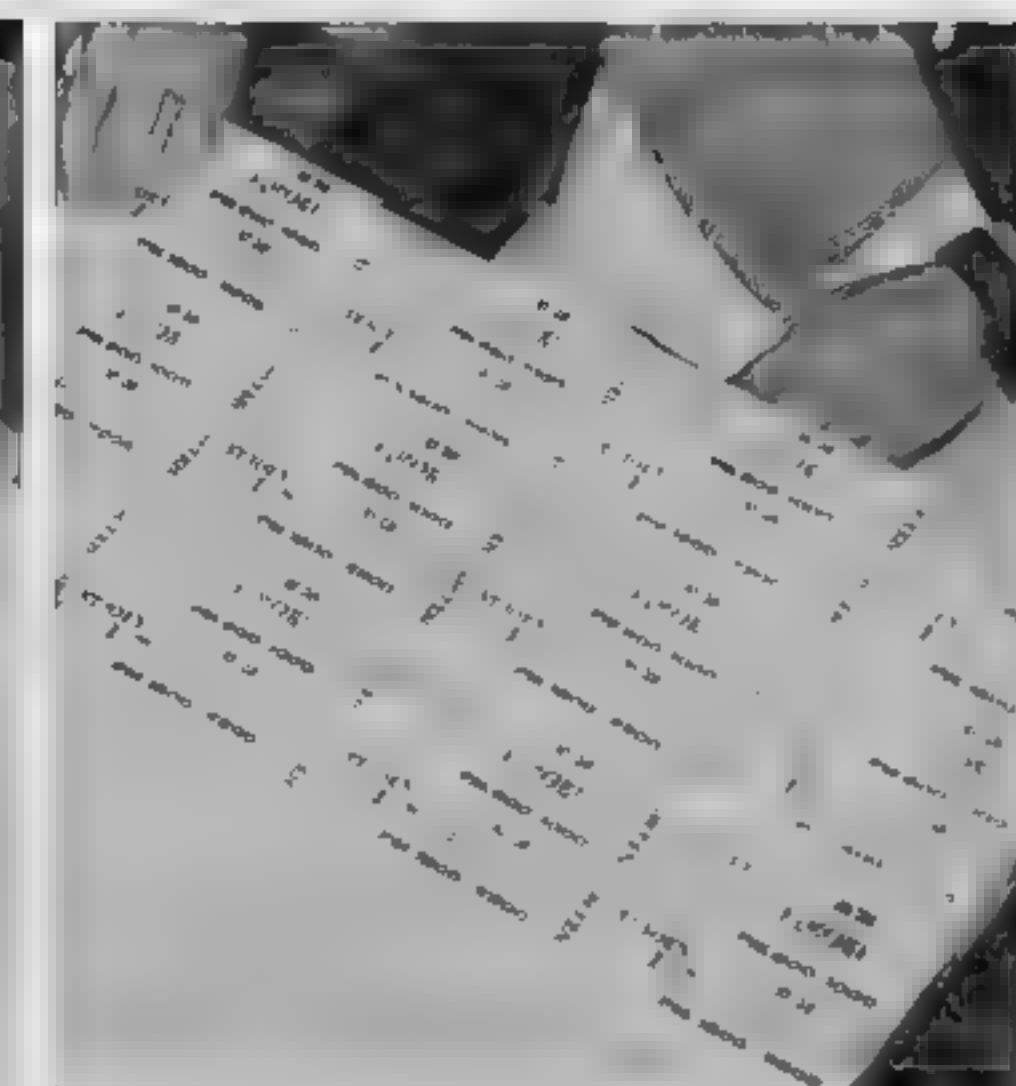

*Chairman:
Yeon Kyung
Kim*

Although there was very little support from the majority of members, this year I am quite satisfied with our results

The handful who did work created tickets and posters in time for the dance parties and the Rock Show. They did more than what I had expected. Thank you all and farewell

MODERATORS:
Mr. Miller Mr. Christmas

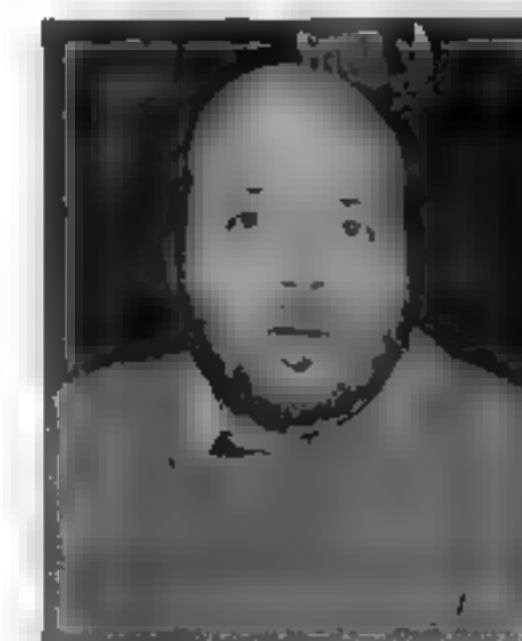

Having worked on the SJIS Chronicle for four years, three of which as Editor, I would like to thank all the staff members I've worked with, the moderators, and all the others (especially the 1989-1990 Forward staff) who helped and cooperated to make the successive Chronicle issues super successful. This year was another and perhaps the crowning success. I hope that the 1990-1991 staff will maintain and improve upon our legacy.

MODERATOR:
Mr. Alf

The joy of the St. Joseph
Speech Contest is the antici-
pation with which the stu-
dents and staff look forward to
this annual event.

This feeling is rewarding as
is the actual contest. Father
Mueller has said that the qua-
lity of the speeches has gone
up every year and I certainly
agree with him.

GRADE SCHOOL

8th Grade Graduates

My Room

Mr. Eymard

A soft breeze is blowing through the window, lightly swaying the sky-blue curtains. The cute, kind faces of the stuffed animals look cool in the autumn breeze. The flashing mirror, sitting on the glooming white table, glances into the eyes of the animals and looks for a new view. On that table also sits a noisy T.V. asking for attention. Across from it stands a memory, a picture of some laughing friends from school. School reminds me of my desk, strong and fearless, carrying everything it can on the other end of the room. Besides it stands a colorful, happy looking chair with nobody on its seat except for a red alarm clock set for me in the morning. This reminds me that it's time to got to bed, resting with it's soft white pillow. It looks as if it's in paradise, pleading for me to jump in and get warm, which is exactly what I'm going to do.

Franchesco Yang

Congratulations !

Tomo is a funny boy. He always tries to make us laugh but no one laughs. But Tomo never gives up.

Jimmy

Karyn loves to laugh. Whenever I see her, she is laughing or smiling. She also likes to sing and she sings to us after school.

Chiho

Aditya is called "Abu", "Bun-bu-ba", and "Sabu" among us. He improved a lot in studies, and I think he is really trying hard. He likes to joke and fool around. He is a helpful guy.

Choong Gie

Chris is the laziest student in our class. He never combs his hair which makes him look like a scientist who failed his experiment.

Kazunori

Choong Gie is smart. He gets good grades in almost all his subjects, but he has a problem. His problem is that he brags about his studies. He tells us how many hours he studied and what he studied and so on. Not only that, he also brings a pocket computer, fishing poles, and other weird junk to school. I think he brags more than actually using the goods.

Chris

Jimmy is very handsome and clever. He also has long legs which attract girls. I would like to have long legs like him.

Aditya

Hideki is quiet, smart, and very neat, but when he gets angry, his voice becomes high and thin. He is kind to everyone, sensitive about his hair, and concerned about how he looks in front of girls.

Francesco

Yoko is basically weird. She likes to fantasize and believes that her dreams would actually come true. But she is helpful and trustworthy if you need her. Don't forget, though. She is really weird!

Keiko

Yosuke is slender and weak-looking, but actually he is powerful, impetuous, and tough. He is cute so most of the girls in our class love him. He is the romantic hero of our class.

Tae-Ho

Mitsuo is the bright light of the class and is famous among the girls and lady teachers. He likes his short hair, but most of the people don't like it because it looks spiky.

Go

Christine has a poker face. She says weird things in a serious way so sometimes I don't know when she's joking. But she talks, sings, laughs, and thinks a lot so she's fun to be with.

Yoko

Go is massive but calm, which makes him look a lonely Christmas tree. He is kind like Santa Claus. We forget about him during classes, but he supports the class from our back so we need him in our class.

Tomo

Taikou is nasty and he is a show-off. He teases smaller people, but he never teases guys bigger than him. But he is helpful and he cares about me.

Yosuke

Chiho is a sight to look at. Sometimes in her photographs, she looks like a boy. I think if she were a boy, most girls would like her. She doesn't look at you when she talks, but she tries her best to help.

Karyn

Keiko is a very happy girl. Whenever I look at her, she smiles. She is what I would call an eternal optimist. She seems to like tying ribbons on her hair. If one of us fights with our friend, she always tries to make us up. I think she should be a lawyer. She knows what to do with problems.

Karyn

Tae-Ho is the noisiest and the funniest boy in our class. He likes to play with Mitsuo and he loves to say something like, "Mitsuo, I know that you are handsome, cute, sexy, and everybody likes you," just for fun. I think he means just the opposite.

Choong Gie

Harris is a clown, magician, and scientist and helps everybody especially in science. He is one of the bright students in our class, and plays T.V. games very well.

Go

Kazunori is very cute, and he looks even more cute when he takes off his glasses and laughs. He is very popular among the girls.

Harris

Mami is the funniest girl in our class. She cracks jokes once in a while, and makes everyone laugh. She has recently become very popular among the boys. I think her gracious personality attracts boys. I wonder if this will ever end...

Christine

Francesco is one of the youngest boys in this class. I don't know why but he is very intelligent. It's probably because he has a large forehead.

Taikou

7th Grade

This class is like a loud speaker, because everyone likes to speak. And the teachers are like a busy typewriter, because they write many things on the chalk board.

There are many kinds of 7th graders. Some are like calculators or computers when they concentrate. Some are like rockets when they run. Yet, others write art letters which look very neat. While drawing pictures, they are as creative as Picasso.

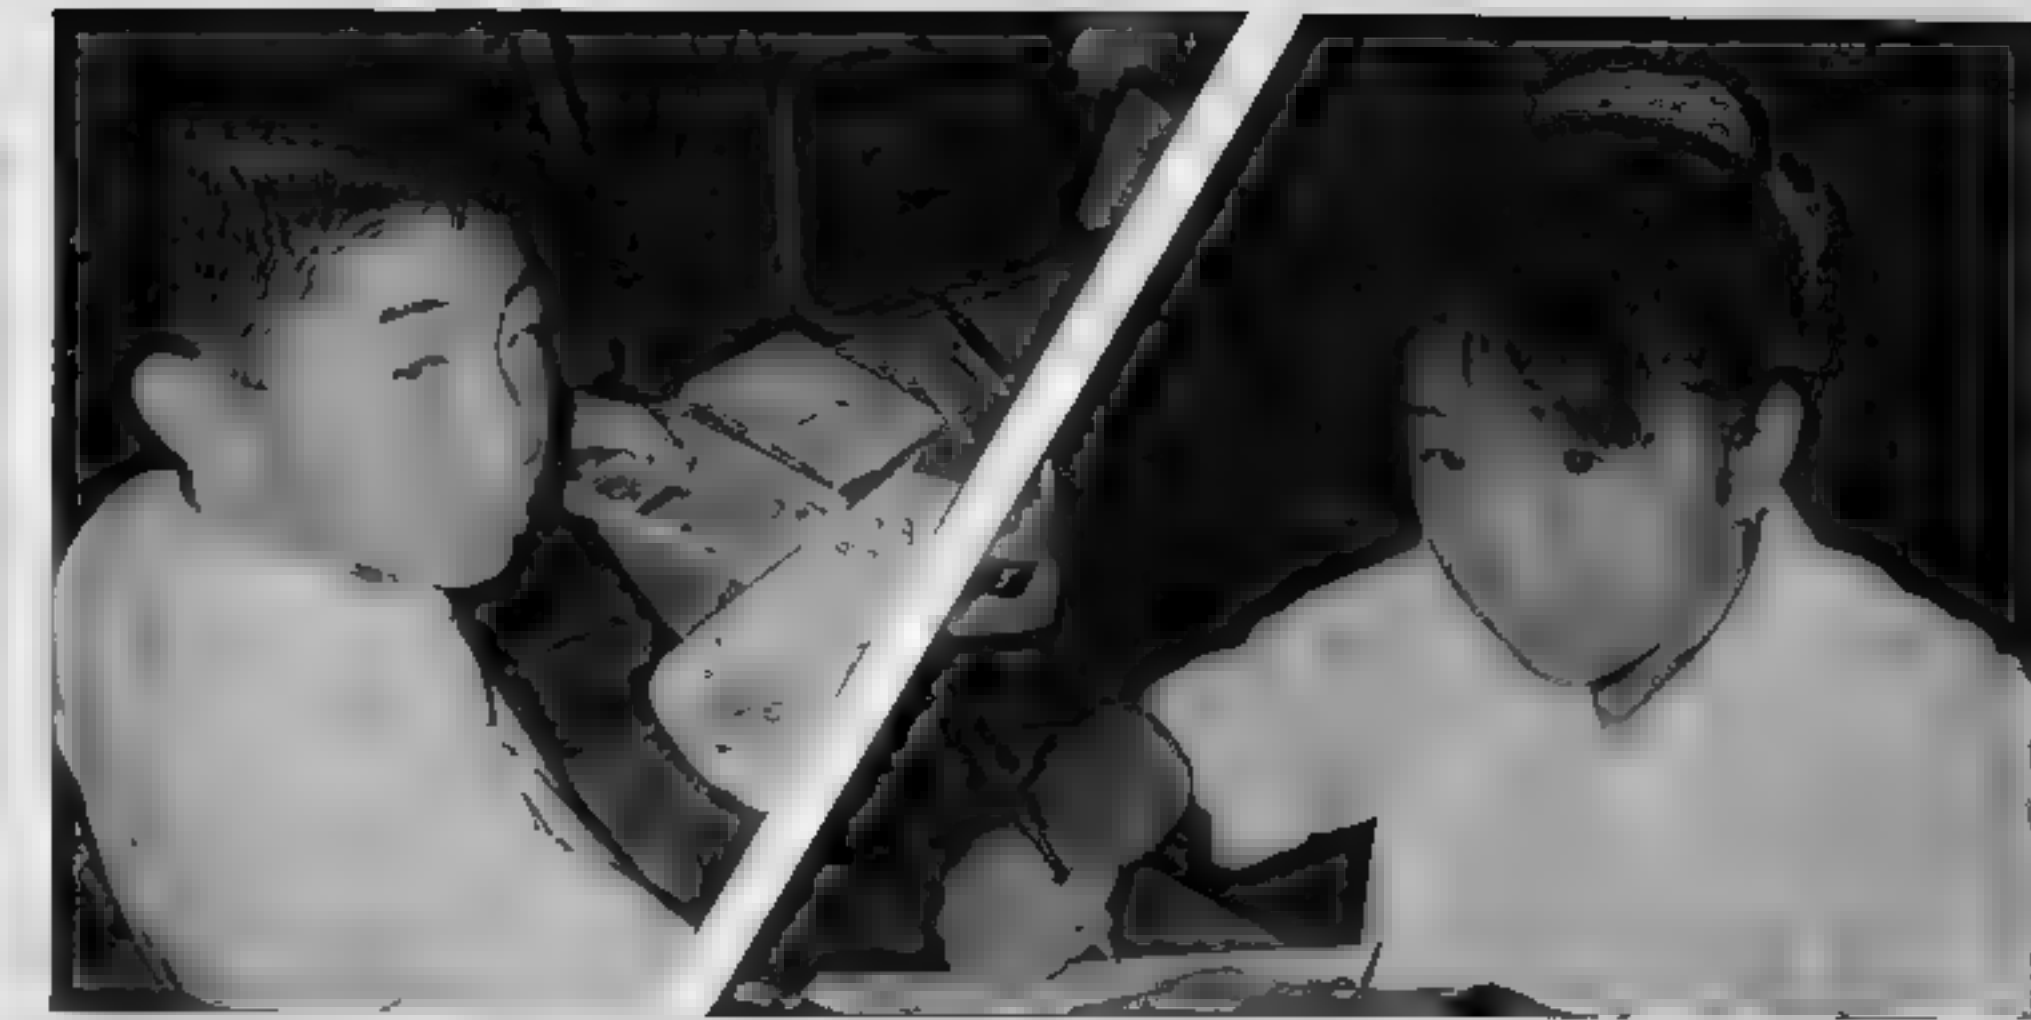

Mr. Gallagher always thinks about us, is good in teaching and very kind. His way of studying is very fun and enjoyable.

Some of them have speedy brains to calculate the math problems and others have an intelligent brain to understand or solve the question.

Immersion We Learned from Our Trip

The first sewage system in Japan was built in Kanda. There are 29% sewage systems and in five years increase it to 90%. eat garbage. rats are found. are available. clean themselves. In Naka Ku 95% of the homes have flush toilets.

Our class is known as the smallest in school. We are two boys, of which one is from America. He is trying very hard. There are three girls. The girls often speak Japanese, but we are trying to remember to speak English. We all work hard, especially on tests. I think we are lucky to have few students because we have a chance to study more and to have more individual help.

Reflections of Fourth Grade

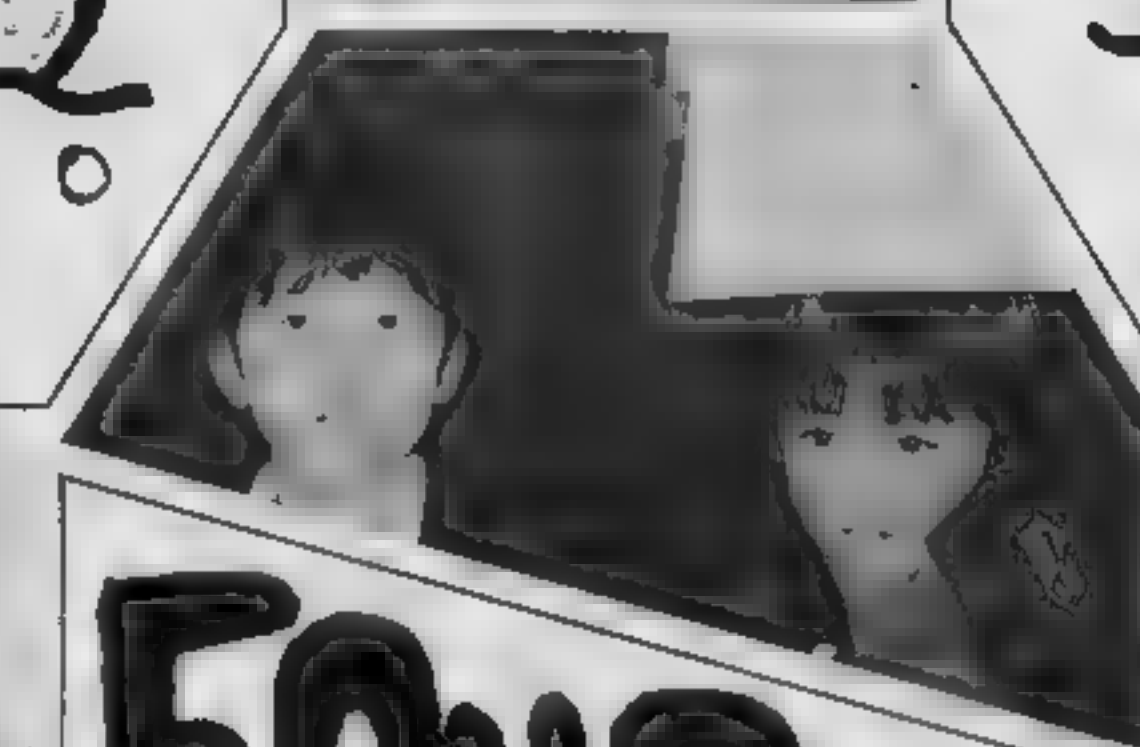

It is fun in fourth grade. Everybody is funny. I am a very lucky girl because I can be with everyone. Our teacher is named Ms. Hoag. She is a nice, helpful and kind teacher. We joke with her a lot, but we don't know why Mr. Allen always comes into our room. Every Wednesday we do Sharing. It is very fun. At recess time, some girls and boys play Four Square. This game is new. When it is raining we play Three Square inside. Also, other fourth graders play soccer with the third grade boys. On Nov. 19th, we had our Garage Sale. At The Garage Sale, the jewelery was popular with the second graders. In our class we have a Happy Side and on Monday we will go to the Grab Bag. When you get your name on the Happy Side on Friday, you can shoot for a basket to get another star on the Star Chart. We have many fish in our fishtank. Our catfish eats other fish's tails. Everyone brings in a goldfish and puts it in the fishtank. This year it snowed. When it was snowing, I was so excited, I fell down and my clothes got wet. Our schoolwork is very popular work. It's a little bit hard. Sometimes everyone will say, "It's so hard. I can't do it.", but they can do it. Hachimama! I've had fun this year, Shegena-bebel!

D. Morgan S. Kobayashi J. Takamura

Coach: Mr. Mikami

Chris's team met tough competition but managed to score two goals. Lack of substitutes was one of the main problems.

Hideo's team came in fourth place and scored more goals than was scored against. This team ended up being the only team receiving a plaque for fourth place due to a mistake by the Chibikko officials.

Altogether it was a good season and the coach is looking forward to the day when we will have two teams again.

Managers: Maiko & Nana

Coach: Mrs. Ward

Once again this year our Field Hockey Club has become more popular especially in the Seventh and Eighth grade, however we are still all boys!! (come on girls,

Unfortunately we have lost a considerable amount of practice time and match play due to wet weather

However, all is not lost; we intend to play our games out of season. Many thanks to the continued effort to both new and old members. See you all next year

CROSS COUNTRY

T. Akinaga M. Hirakawa Y. Go T. Doi
S. Sakisuka D. Morgan H. Sugimoto R. Sawai

Y. Ema S. Mian A. Takashio Z. Wang A. Oguri H. Watanabe

JUNIOR HIGH BOYS X COUNTRY

This year for the first time we had a Junior High boys team with eight members. To everyone's amazement the team did exceptionally well with Mitsuo Hirakawa being placed in the first five constantly and Doi, Sugimoto, Morgan, Akinaga and Go close behind every meet.

Our best time for the 2.1 mile course was Yousuke Go with 14.20. We have, I think, a good team here for next year; well done to all

Mrs. Ward
Mr. Morgan

GIRLS JUNIOR HIGH / JUNIOR VARSITY

We managed to have seven girls representing SJIS this year, all the girls running the 2.1 miles with our beat time at Junior High level Ayumi Oguri with 16.58 followed by Zhenri Wang 17.37 Ayako Takashio and Sarah Mian

Our best result, however, came in the J.V. finals when Yoko Ema came in 8th place and was awarded a J.V Ribbon. Our first award to a 'girl'. Following close behind were Watanabe, Sakuma. Well done to all the girls for their efforts. See you next year!
